

Dewalt Impact Ready accessories

Tuesday, 13 July 2010

Dewalt introduced a new category of accessories to meet the growing demand for impact drivers. The Impact Ready accessories are compatible with Dewalt impact drivers (DC827KL and DC825KA), and are engineered to provide enough durability to withstand high levels of non-reactionary torque. Among the products in the line, hole saws to allow electricians to use impact drivers for boring holes on the jobsite.
